What We Offer

Dodson Payment Solutions offers a variety of payments, POS, and gift and loyalty solutions to streamline your business operations and help you increase your bottom line. We also offer business funding to make technology investments more budget friendly.

Payment Processing

We offer a full range of payment options, including contactless and mobile wallet, EMV credit, debit, and ACH.

POS Solutions

Our experienced team will help you select the ideal POS solution for your industry and your business's unique needs.

Gift and Loyalty

Build a loyal customer base and increase revenue with our effective gift and loyalty programs.

Business Funding

Our quick application process and approval timeframes make us a viable alternative to traditional small business loans.

Payments Solutions and Features

Text Message Invoicing

Reduce hours preparing invoices and collecting payments with an efficient digital process, freeing up staff to focus on other business tasks.

Contactless Payments

Offer more convenience with our contactless and table-side payments solutions. Customers can pay by just tapping or waving their cards for fast, efficient payment experiences.

Dual Pricing & Surcharging

Offer customers a discount for paying with cash and recoup fees from credit card processing. Reduce the impact that credit card fees have on your bottom line each month.

ACH Processing

ACH processing gives customers the convenience of using their bank accounts for payments, rather than keeping cash on hand or incurring credit card debt. It can also help you control your processing fees.

Payment Gateways

Securely accept payments online or via mobile devices with our payment gateway solutions. Seamless integration with eCommerce platforms and accounting software streamlines operations and reduces the need for manual input.
